

## **Teachers' activity 3 (for trainers)** **(Features of outstanding lesson) activity**

**Target group:** Teachers.

**Activity Objective:** to enhance teachers' knowledge of the features of outstanding lessons.

**The proposed duration of the activity:** 10 minutes.

**Activity description:** A group activity, in which participants discuss and write down features of outstanding lessons (8 features minimum).

**Required tools:** Activity sheets for all group members, A3 activity sheet for each Group answer.

### **Implementation mechanism:**

- 1- The trainer gives two minutes before the start of the activity to determine roles (leader, writer, and exhibitor) for each group.
- 2- Activity questions are distributed, group members share questions and come up with the correct answers after discussion.
- 3- The agreed answer is written by the group writer, during which the group leader organizes the group discussion and their answers, bearing in mind the time set.
- 4- Once the specified time is finished, each group's presenter presents their features of outstanding lessons.
- 5- After the group presentation, the trainer presents the model answer to the trainees.
- 6- The trainer answers inquiries and questions, if any.

## What are the features of outstanding lessons?
