### Review Summary

- Training at Marvel Management Training Institute (MMTI) is delivered in a supportive environment where the majority of learners gain essential knowledge and skills to prepare for the external awarding body examination.
- MMTI's strengths include the training strategies and assessment of learning practices with ongoing support and guidance for learners throughout their learning journey. MMTI still needs to improve on engaging the less active learners during training sessions.
- MMTI's management team uses suitable self-assessment practices and comprehensive analysis of learners' performance to carry out improvement actions. The self-assessment tools and utilisation of the process outcome need to be further improved to ensure and enhance the overall quality of the provision.
- MMTI is 'Satisfactory' in Aspects 1 and 3, and 'Good' in Aspect 2: 'Learners' Engagement and Support for Learning' when reviewed. The Institute will develop an action plan to further enhance its performance based on the review recommendations.
