

هيئة جودة التعليم والتدريب
Education & Training Quality Authority

Kindergartens Reviews

Who are we?

A government organisation. Our aim is to improve the quality of education in Bahrain. The Authority has three main tasks:

- Review the performance of educational and training institutions
- Manage the National Qualifications Framework (NQF)
- Conduct National Examinations

What is the Kindergartens review process? How does it help the KG improve?

It is an evaluation process for the quality of educational experiences provided for children by the kindergarten. The focus is on the child's holistic development in early childhood, aiming to support KGs in improving their performance.

Why Evaluate Kindergartens?

Ensure children in Bahrain receive high-quality early childhood education.

Help improve kindergartens' practices and support the sector in Bahrain.

Highlight the importance of early childhood education.

What aspects will be focused on during the visit?

- Children grow and develop through PLAY
- The child is at the center of learning and care
- Family and the community engagement in learning experiences.
