Management and
Governance

Review Summary

- Al Noor international School provides three types of curriculum and inquiry-based learning particularly in mathematics, science and class teaching. The British section standards are high; however, there is still room for improvement in Arabic writing skills in High School.
- Students display respectful relationships with each other in a multicultural school community. They demonstrate high self-confidence and exhibit exceptional leadership roles through their active engagement in school extracurricular activities and clubs.
- Highly effective teaching strategies and academic support programmes are implemented to ensure students' progress in lessons and in their attainment in international and external examinations.
- The high level of awareness demonstrated by the school's leadership team and Board of Directors with robust focus on schoolwork priorities.
- The school is 'Outstanding' when reviewed and will draft an Action Plan based on the review recommendations.
