### Review Summary

- The training at Yellow Hat Training (YHT) is delivered in a positive learning environment where the learners acquire effective knowledge and relevant skills that support their workplace tasks.
- YHT's strengths include the effective implementation of training and assessment for learning strategies, as well as the provision of enrichment opportunities informed by trainers' in-depth knowledge, which purposefully enhance learners' lifelong learning and their overall experience. YHT still needs to enhance the verification process of summative assessments to better evaluate learners' achievement of programme' outcomes.
- The management team uses appropriate self-assessment practices to carry out improvement actions. The next step is to enhance the self-assessment tools and utilisation of the outcomes to ensure and promote the continuous improvement of the provision.
- YHT is 'Good' in two Aspects and 'Satisfactory' in one Aspect 'Leadership and Management' when reviewed. The management team will develop an action plan to further enhance its performance based on the review recommendations.
