Management and
Governance

Review Summary

- The school provides an engaging and stimulating learning environment where students enthusiastically participate in lessons, activities, and various programmes that nurture their talents, enhance their experiences, and strengthen their sense of responsibility.
- The school is managed by a highly aware leadership committed to continuous development, fostering collaborative work, maintaining productive partnership with parents and local institutions, and encourages teachers to be creative and take initiatives.
- The school offers training workshops tailored to various professional needs, which have contributed to teachers adopting effective teaching strategies in most lessons, especially in the scientific and unified stream.
- The school needs to further focus on supporting the low achieving students in lessons and remedial programmes, enhance students' skills in English and the literary stream, as well as monitoring the effectiveness of training programmes provided to teachers to improve their performance in some lessons.
- The school is rated as "Good" when reviewed and will develop an Action Plan based on the review recommendations.
