Part 1: Mark Scheme

The mark scheme is divided into bands; there are 2 marks available within each band. Examiners should first decide which band the piece of writing fits into best, and then refine and adjust the mark further by deciding whether the performance merits the top mark within the band. In Part 1, it is essential that students communicate the required information presented in the task appropriately and effectively. Therefore, addressing content points is an important element as well as the successful communication of the message.

Marks	Content	Communication
7 - 8	3 points addressed with expansion. Target reader would be fully informed.	Message is communicated effectively at Grade 12 level (B2) with few or no errors of spelling, punctuation, vocabulary or grammar.
5 - 6	3 points addressed. Target reader would be simply informed.	Message is generally communicated effectively at Grade 12 level (B2) but with some errors of spelling, punctuation, vocabulary or grammar which may hinder communication.
3 - 4	2 – 3 points addressed. Target reader would be partially informed.	Message is partially communicated but errors of spelling, punctuation, vocabulary or grammar hinder communication.
1 - 2	1 – 2 points addressed OR little relevant content. Target reader would be inadequately informed.	Message is inadequate, and many errors of spelling, punctuation, vocabulary or grammar hinder communication.
0	No relevant content. Target reader is not informed.	Message is incomprehensible and possibly illegible.

Part 2: Mark Scheme

Examiners should begin by looking at the Task Achievement criterion and decide on a mark for this before considering the other 3 criteria. A mark should be given for each of the 4 criteria, which are then added up to get the complete mark for each student. Students may have a very flat profile, scoring 2 marks for each of the criteria for example, or may have a more uneven profile, scoring higher marks for some criteria and lower marks for others.
